REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Honorable Board of Selectmen
Town of Wrentham, Massachusetts

Compliance

We have audited the compliance of the Town of Wrentham, Massachusetts with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2009. The Town of Wrentham, Massachusetts’ major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Town of Wrentham, Massachusetts’ management. Our responsibility is to express an opinion on the Town of Wrentham, Massachusetts’ compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Town of the Wrentham, Massachusetts’ compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Our audit does not provide a legal determination of the Town of Wrentham, Massachusetts’ compliance with those requirements.

In our opinion, the Town of Wrentham, Massachusetts complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2009.
Internal Control Over Compliance

The management of the Town of Wrentham, Massachusetts is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Town of Wrentham, Massachusetts’ internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town of Wrentham, Massachusetts’ internal control over compliance.

A control deficiency in an entity’s internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity’s ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity’s internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity’s internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Wrentham, Massachusetts, as of and for the year ended June 30, 2009, and have issued our report thereon dated February 23, 2010. Our audit was performed for the purpose of forming our opinions on the financial statements that collectively comprise the Town of Wrentham, Massachusetts’ basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of management, the Board of Selectmen, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

SEE ACCOMPANYING NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
TOWN OF WRENTHAM, MASSACHUSETTS
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED JUNE 30, 2009

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting policies and financial reporting practices permitted for municipalities in Massachusetts are prescribed
by the Uniform Municipal Accounting System (UMAS) promulgated by the Commonwealth of Massachusetts
Department of Revenue. The significant accounting policies followed by the Town are as follows:

A. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant transactions
of the Town. The receipts and proceeds from Federal grants are recorded on the modified accrual basis
whereby revenue is recognized when it becomes available and measurable. Disbursements of Federal
grant funds are recorded on the accrual basis.

II. SCOPE OF AUDIT

The Town of Wrentham, Massachusetts (the Town) is a governmental agency established by the laws of the
Commonwealth of Massachusetts. All operations related to the Town's Federal grant programs, (the Department
of Agriculture, Department of Education, the U.S. Environmental Protection Agency, and the Department of
Transportation), are included in the scope of the OMB Circular A-133 Audit Requirements for audits of state and
local governments (the Single Audit). The U.S. Environmental Protection Agency has been designated as the
Town's oversight agency for the Single Audit.

III. PERIOD AUDITED

Single audit testing procedures were performed for Town Federal grant transactions during the year ended June
30, 2009.

IV. SCHOOL LUNCH PROGRAM

The Town accounts for local, state and federal expenditures of the National School Lunch program in one
combined fund. Program expenditures in the accompanying Schedule of Expenditures of Federal Awards
represent federal reimbursements for meals provided during fiscal 2009. Non-cash contributions of commodities
under the Food Distribution program are received under a State distribution formula and are valued at federally
published wholesale prices for purposes of this schedule.

V. SUBRECIPIENTS

The Town of Wrentham, Massachusetts passed no federal awards through to sub-recipients during the period
under audit.
REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the Honorable Board of Selectmen
Town of Wrentham, Massachusetts

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Wrentham, Massachusetts, as of and for the year ended June 30, 2009, which collectively comprise the Town of Wrentham, Massachusetts’ basic financial statements and have issued our report thereon dated February 23, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Town of Wrentham, Massachusetts’ internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Wrentham, Massachusetts’ internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town of Wrentham, Massachusetts’ internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Town of Wrentham, Massachusetts’ ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Town of Wrentham, Massachusetts’ financial statements that is more than inconsequential will not be prevented or detected by the Town of Wrentham, Massachusetts’ internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Town of Wrentham, Massachusetts’ internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.
Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Wrentham, Massachusetts’ financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of management, the Board of Selectmen, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
