WRENTHAM RESIDENTS

WRENTHAM ASKS RESIDENTS TO SIGN-UP TO RECEIVE LOCAL ALERTS

Residents Can Now Receive Real Time Messages Through Nixle

The Town of Wrentham has partnered with Nixle to implement its Community Notification System to alert residents in real-time for localized emergency situations and relevant community advisories.

As a resident, there are several simple ways to register:

1. Text your ZIPCODE to 888777 from your mobile phone
2. Go to www.wrentham.ma.us and sign up via the Nixle Widget

Once registered, residents will receive a confirmation text to their mobile device. Residents may also customize their alert settings by going to www.nixle.com and creating a User Profile.

Selectmen Langley quoted: "The adoption of Nixle is yet another way the Board of Selectmen looks to serve our residents' needs. The ability to communicate key items is an important factor in engaging an active citizenry and in keeping everyone informed about what is happening with their Town and Town Government. I am very happy that we are offering this service, and look forward to more technological advances in the future".

The service is secure, reliable and easy to use for our organization.

All Alerts will be targeted geographically, allowing residents to receive localized, relevant alerts from the Town of Wrentham. Nixle Alerts can be sent via Text, Email, Voice, Web, Social Media, and the Nixle Mobile App in an instant. Nixle is partnered with NLETS for unmatched data security, as well as the National Center for Missing and Exploited Children, the National Blue Alert Network, and Google for unmatched reach and two-way information exchange.

We are very excited to have you experience it for yourself.

About Nixle

Founded in 2009, Nixle provides a mass communications hub built exclusively for government to provide secure, reliable, and relevant information to residents in real-time. Today, over 7,200 Agencies around the United States rely on Nixle for Community Engagement and Emergency Communications. Nixle's exclusive partnerships with NLETS, Google and the National Center for Missing and Exploited Children allows local police departments nationwide to send immediate alerts and advisories. For more information, visit www.nixle.com.
