CPA Project Funding Overview

1. Committees (Historical, Housing, Open Space, Recreation) can apply, or citizens can apply via committees, or directly to CPC
2. CPC evaluates and if approved, send to Town Meeting for funding approval.

Historical Preservation

Overview

CPA funds may be spent on the acquisition, preservation, rehabilitation and restoration of historic resources.

Under CPA, an historic resource is defined as a building, structure, vessel, real property, document or artifact that is either:

- listed on the State Register of Historic Places; or
- determined by the local Historic Commission to be significant in the history, archeology, architecture, or culture of the city or town.

Historical Portraits Restored in Royalston

With a blend of private donations and CPA funds, several portraits of important historical figures were restored and rehung in the library

Community Housing

Overview

CPA funds may be spent on the acquisition, creation, preservation and support of community housing, and for the rehabilitation or restoration of community housing that has been acquired or created using CPA funds.

Housing developed with CPA funds may be offered to those persons and families whose annual income is less than 100 percent of the areawide median income, as determined by US Housing and Urban Development income guidelines.

Norfolk Community Park Mixed Use

Affordable housing folded into recreation project in Norfolk to provide four affordable housing units plus recreation fields and conservation space.

Open Space

Overview

CPA funds may be spent on the acquisition, creation, and preservation of open space, and for the rehabilitation or restoration of any open space that has been acquired or created using CPA funds.

It is important to note that a permanent deed restriction is required for all real property interests acquired under CPA, such as a Conservation Restriction (CR) or Agricultural Preservation Restriction (APR).

Newton Preserves 350 year old Farm

Originally established in the 1600's, the Angino farm was acquired and preserved. It operates as a CSA, with local food sales, and donations to needy families.

Recreation

Overview

The focus for CPA recreational projects is on outdoor passive or active recreation, such as (but not limited to) the use of land for:

- Community gardens
- Trails
- Noncommercial youth and adult sports
- Parks, playgrounds or athletic fields

CPA funds may not be spent on ordinary maintenance or operating expenses; only capital improvements are allowed. In addition, CPA funds may not be used for a stadium, gymnasium, or similar structure, and further may not be used for acquiring artificial turf. This has been interpreted to generally mean outdoor recreational space and facilities.

Marshfield Rehabilitates Tennis Courts

Rehabilitation done with a mix of CPA and private funds and were named *Tennis Industry's Public Park of the Year, 2015*. It is incorporated into a larger recreation space and riverside boat launch.
